ABOUT US

We focus on our core area of expertise, which is residential projects across London and the Home Counties.

We have significant experience in residential extensions, refurbishments, and redevelopments – including basements.

TBS London has a strong and professional core team of multi-trade builders and expert specialist trades to ensure a high-quality finish to your project.

Our team also includes key design expertise that can help value-engineer the project to achieve your client's budget requirements.

WHY CHOOSE US

Our quality of service is delivered with discretion and integrity to exceed our clients expectations. A professional and discerning outfit!

Our operations are deeply rooted in integrity, a fundamental value guiding every aspect of our work. Each decision we make adheres to high standards of honesty and ethics.

“His team have just finished our works and the house looks amazing! They did an incredibly professional job and all the work is top quality. They finished on time and within budget.”

LADY O'SHAUGHNESSY, HAMMERSMITH SW6

“We thank our lucky stars that when faced with a choice of several building firms offered by our enthusiastic architect, we chose almost by chance this exceptional team which was able to combine imagination with Jonathan’s experience and attention to detail.”

NICK SMITH, HAMPSTEAD NW3

“Working with TBS and Jonathan Nicolet has been a revelation for us; we were working with professionals whose commitment to the customer was of the highest order.”
